Accepts Nomination In  
At Albany, N. Y. Sets  
forth His Policies.Y. N. Y., Aug. 23 (UP)—  
and E. Smith turned today  
a grueling campaign for  
his interpretation of  
of the campaign before the  
a ringing address that  
praise from his politi-  
cians.The speech was delivered last  
in a small assembly chamber  
at Albany, where he began his  
career 25 years ago. Rain  
the mammoth celebration  
he took before the capitol.  
A few were present to  
speech, it was carried to the  
of the country over the  
radio.The proposed changing the  
by increasing the legal  
alcoholic contents of bever-  
by permitting individual  
et lower limits or prohibit  
at their discretion.He advocated amendment  
he amendment to permit  
popular vote a system of  
of liquor similar to the  
in Canada.He urged himself to strict en-  
of the Volstead act and the  
ment as long as they re-  
the statute books and re-  
vious statements that he  
countenance return of the  
liquor.He urged, if elected, to call an  
al leaders Conference to  
a farm relief plan for pre-  
to Congress.He and the crowd gathered around  
all steps to hear his speech.

the law. I personally believe that  
there should be a change and I  
shall advise the congress in accord-  
ance with my constitutional duty to  
of whatever changes I deem neces-  
sary or expedient. It will be then  
for the people and the representa-  
tives in the National and state legis-  
latures to determine whether these  
changes shall be made."Smith pledged himself to seek en-  
actment of farm relief legislation  
along principals set forth in the de-  
mocratic platform, reiterated his in-  
tentions to call a conference of agricul-  
tural leaders, if elected, to work out  
the details, and to present the plan  
they devise to congress. He also said  
that he would seek to make the tar-  
iff effective for agriculture.In discussing in detail other major  
issues than prohibition and farm re-  
lief, The nominee challenged re-  
publican claims of economy and  
prosperity; denounced the use of  
United States Marines in Nicaragua,  
declared for "Real outlawry of  
war," and for cooperation with  
European nations in the interest of  
world peace, favored Government  
ownership and control of Muscle  
Shoals, development of the Boulder  
dam project in the southwest by the  
states involved by a "Colorado River  
Authority," similar to the New  
York port authority plan, and govern-  
ment ownership of all waterpower  
and natural resources still in the  
hands of the government or state;  
condemned "dishonest and unpatri-  
otic propaganda" of electrical power  
interests, and pledged himself to  
seek legislation to prevent "grave  
abuses" in the use of federal injunc-  
tions in labor disputes.Gov. Smith left Albany this after-  
noon for a trip that includes no  
political speeches, but will afford  
him an opportunity to show himself  
to voters in New Jersey, but regard-  
ed as doubtful territory.For that time, he will spend much  
time in traveling. He and Mrs. Smith  
will stop in New York City tonight,  
going from there tomorrow to New  
York, N. Y., where Smith will attend  
a political rally and national guard  
review, returning to New York, Be-  
yond going to Syracuse for the  
State Fair, August 30, he has an-  
nounced no other plans but probably  
will make his first campaign address  
early in September.OLD RAILWAY  
TIES DUG UPEVIDENCES OF STREET CAR  
LINE IN CITY ON COLLEGE  
AVENUE.Some months ago, there was a wide  
difference of opinion among readers  
of The Banner as to just what time  
the once famous street railway sys-  
tem in Greencastle stopped opera-  
tions.Those who have watched the ex-  
cavation work on College Avenue,  
have found the very evidence that  
there was a street railway system in  
Greencastle. The old line came west  
on Seminary street from Bloomington  
to College Avenue, and thence  
north on College to Washington  
street.The big steam shovel which W. E.  
Picken, contractor, is operating on  
College Avenue, is digging up many  
pieces of old cross ties on which the  
street car system ran. The ties are  
in a fair state of preservation, ac-  
cording to the pieces which were be-  
ing torn up, and some which have  
been examined carefully, are found  
to have been black walnut. They  
were probably cut from the nearby  
forests here in the early 70's and  
have been in the ground ever since.

## TEACHERS TO MEET

FT. WAYNE, Aug. 23 (UP)—  
About 3,000 members of the North-  
eastern Indiana Teachers' Associa-  
tion will meet in annual convention  
here Oct. 18, 19, and 20. This was  
the announcement of E. E. Eyster,  
president of the association.Nearly all the teachers in the  
northeastern counties are expected  
to attend the convention.Teachers will have a choice as to  
which convention they will go to be-  
cause the State Association conven-  
tion is to be held on the same dates.  
Three of the most prominent educa-  
tors in the United States are sched-  
uled to speak at the convention. They  
are Dr. C. B. Bryan, president of  
Ohio University; Dr. Willis A. Sutton,  
superintendent of schools at Atlanta,  
Ga.; and Bishop Edwin H. Hughes,  
of the Methodist Episcopal church  
of Chicago.Miss Frances Rector has returned  
to her home in this city from Cali-  
fornia where she has been in school  
at the University of California.TO REPRESENT  
THIS COUNTY  
AT STATE FAIRMISS HARLAN—MISS BURRIS TO  
ATTEND HOME ECONOMICS  
SCHOOL.

## HAVE DISPLAYED INTEREST

Two Girls Selected From County  
Due To Their Activity And  
Progress In This Line.Miss Dorothy Harlan, daughter of  
Mr. and Mrs. Elvin Harlan of Green-  
castle township, and Miss Christine  
Burriss, daughter of Mr. and Mrs. J.  
B. Burriss of Cloverdale, have been  
selected to represent Putnam county  
in the Home Economics School, con-  
ducted each year at the Indiana State  
Fair. The school will start August  
27 and continue until September 8.Miss Harlan and Miss Burriss were  
selected because of the interest and  
excellence they have shown in this  
line of work. Miss Harlan has been  
leader in 4-H Club work and Miss  
Burriss is planning to enter Purdue  
University this fall to study home  
economics.The school is limited to one girl  
from each county, but as some coun-  
ties do not take advantage of this op-  
portunity, and application from this  
county for two representatives was  
sent in early, Putnam county is to  
have two girls at this school. The  
purpose of the school is to give the  
girls practical training and knowledge  
in home economics.Miss Ruby Blue of Greencastle and  
Miss Keywood of Bainbridge, were  
the representatives last year from  
this county.

## SINGING CONTEST

RUSHVILLE, Aug. 23. (UP)—  
Plans for the second annual National  
Singing Contests have been completed  
in seven Indiana cities, according to  
Mrs. Edith B. Ashworth, chair-  
man of the Rushville body in the na-  
tional radio audition.The date for the second annual  
event has been tentatively set for  
September. The purpose of the con-  
test is to bring out the "undiscover-  
ed" talent in order to produce more  
new American radio and grand opera  
stars.The seven cities which will hold  
local contests in preparation for the  
district and finally the National  
contests are Rushville, Indianapolis,  
St. Wayne, Petersburg, Marion, Colum-  
bus and Connersville.The Atwater-Kent foundation is  
offering \$17,500 in cash and music  
conservatory scholarship to the win-  
ners of the national event.Winners in the local contests will  
compete in the all-state contest. The  
State winners will receive silver  
medals and then go to Chicago to  
compete with other mid-west winners  
in the district audition.The district winners will then go  
to New York where they will com-  
pete in the National contest. The  
highest award in the national event  
is \$5,000 cash, two years conservatory  
training and an operatic or  
radio debut, sponsored by the Atwa-  
ter-Kent foundation.Find Man's Body  
In Burned BarnMYSTERY SURROUNDS DE-  
STRUCTION OF BUILDING NEAR  
FREMONT, INDIANA.FREMONT, Ind., Aug. 23. (UP)—  
A man's charred body, a burned barn  
and an automobile left in the garage  
of the Steuben county sheriff are the  
"props" for a tragedy authorities are  
trying to reconstruct.The barn burned on the farm of  
Mrs. Joanna Bricker, four miles west  
of here, early Wednesday. Wilson  
Dugid, Don Stoy and Irvin Bricker  
found a man's skull and a few other  
bones when they searched the ruins  
a few hours after the flames died  
down.Except for the letter "B" found on  
a scrap of the dead man's underwear  
there was no other mark that might  
be an aid to establishing his identity.  
The body is so badly burned that  
Coroner F. B. Humphries said an autopsy  
would be impossible.The mystery auto carried license  
plates issued to E. S. Bliss, Hotel  
Roberts, Muncie. But police of that  
city said they could find no trace of  
a man of that name. In the car was  
a set of Michigan license plates and  
a card showing they had been issued to  
Thomas P. Williams, Detroit. Steuben  
county authorities were investigating  
in Detroit today.

## CHECK FOR POLICE

VINCENNES, Aug. 23 (UP)—A  
check for \$250 to go to the police  
benefit fund has been received by  
Police Chief Thomas H. Martin, of  
Vincennes, from J. H. Graham, presi-  
dent of the Indiana Refinery, as an  
act of appreciation for services ren-  
dered the Refinery during the recent  
tragedy at the plant.The check was accompanied by a  
letter of thanks from Graham for  
the services of the police force ren-  
dered after the terrific explosion at  
the Indiana Refinery which took  
more than a score of lives.

## THE WEATHER

Mostly cloudy. Probably local  
thunderstorms this afternoon or  
tonight and in extreme south portion  
Friday. Cooler.Find Message  
Believed From  
Mildred DoranNOTE IN BOTTLE SIGNED BY  
TRANS-PACIFIC FLIGHT  
ASPIRANT.ABERDEEN, Wash., Aug. 23. (UP)—  
A hastily scrawled note found in a  
tightly corked perfume bottle on the  
coast near here today purported to  
give some word of the disaster that  
overtook the airplane "Miss Doran"  
and its occupants in the Dole air  
race a year ago.The message, written on a piece of  
paper bag, was barely legible.Miss Mildred Doran, Michigan  
school teacher, the only woman con-  
testant in the race, was a member of  
the airplane crew.The decipherable portion of the  
message read:  
"Gas gone, water running low. Been  
floating on wings—days. Miss M—  
Doran, Oct. 2, 1927."The Miss Doran with the school  
teacher and two men companions was  
never seen after leaving Oakland,  
Calif., in the air race.

## KILL HUGE SNAKE

PLEASANTVILLE, Ind., Aug. 23.  
(UP)—A five foot snake was killed  
here by a farmer after the reptile had  
crawled through a hole into a chicken  
house and swallowed a white dove  
and a china nest egg.The snake's size had apparently in-  
creased after swallowing the two  
pieces of hardware for it was un-  
able to crawl back out the same  
hole through which it had entered.  
The knob and china nest egg had been  
placed in the nests in the chicken  
house to fool the hens and entice  
them to lay eggs.When the farmer's wife walked in  
to the hen house the snake was coiled  
in a nest and showed fight. The  
lady called for help and her husband  
killed the serpent.Upon cutting the snake's stomach  
open, to find if it had swallowed any  
eggs, the "fake eggs" were revealed,  
which undoubtedly accounted for its  
inability to crawl away.

## CURTIS IN SPEECH

ROCKY POINT, R. I., Aug. 23.—  
Senator Curtis of Kansas opened the  
Hoover-Curtis speaking campaign in  
New England today with a charge  
that the Democrats are trying to  
"fool the American people" on the  
tariff issue.The Republican vice-presidential  
nominee, speaking in the center of  
one of the leading industrial regions,  
told an audience of several thousand  
from Providence and other nearby  
cities that the farmers desire pro-  
tection for the products of the farm.  
"Just as you need protection for the  
products of your factories," he said.Curtis recited at length the record  
of the Democrats on tariff issues, and  
challenged the Democratic platform  
promise of a tariff to "maintain legi-  
timate business and the high stand-  
ard of wages for American labor."The Democrats, Curtis said, "have  
never enacted a tariff law which pro-  
tected American labor. They have  
never passed a tariff law which did  
not injure or destroy legitimate busi-  
ness; they have never enacted a  
tariff law that protected the products  
of the farm."One of the trucks being used by  
the construction company on College  
Avenue was mired down to the axle  
and the right side of the truck was  
resting on the ground as part of the  
axle was submerged. It was said  
that the hole was originally an old  
well which had not been filled prop-  
erly and after the top layer of dirt  
had been removed it gave way.EX-RESIDENT  
MEETS DEATH  
IN MISSOURIMRS. ARTHUR PORTER VICTIM  
OF ACCIDENT ON TUESDAY  
EVENING.

## SON IS SERIOUSLY INJURED

Mrs. D. V. Oliver Received Message  
Of Tragedy. Victim Was Form-  
erly Miss Grace Mahoney.Mrs. D. V. Oliver received a mes-  
sage Wednesday announcing the ac-  
cidental death of her sister, Mrs.  
Arthur Porter near Fulton, Mo.,  
Tuesday evening. A son of Mrs. Por-  
ter was also seriously injured, the  
message said. One report said both  
the mother and son had been killed.Mrs. Porter was enroute to Green-  
castle from her home in Chickasaw,  
Oklahoma, for a visit with Mr. and  
Mrs. Oliver. She was also to meet  
her husband here. Mr. Porter arrived  
Wednesday morning from Michigan,  
but received the death message in-  
stead of meeting his family.Mrs. Porter will be remembered  
by a number of people as Miss Grace  
Mahoney. No details concerning the  
accident were learned, but Mrs. Por-  
ter and son were driving through  
from Oklahoma to Greencastle in  
their automobile, and it is presumed  
were struck by a train.

## BUMPER CROP PREDICTED

SEYMOUR, Ind., Aug. 23. (UP)—  
That the central states will produce  
one of the largest corn crops in re-  
cent years is predicted by George  
Vehslage, prominent Jackson county  
farmer, and C. R. Jackson, manager  
of the Farmers' Co-operative Eleva-  
tor here.Having just returned from a tour  
of the corn sections of Indiana, Iowa,  
Illinois, and Missouri, these two men  
are of the opinion that the four cen-  
tral states which they visited will  
yield a bumper corn crop.Conferences with grain dealers and  
farmers in all of the four states in-  
dicated an excellent corn crop and an  
unusually large acreage, they said."Throughout our entire trip, how-  
ever," Jackson said, "we never saw  
any corn that excelled the Indiana  
crop."Government estimates of the corn  
yields in the four states by bushels  
—all above normal— follows: Iowa,  
188 million; Illinois, 360; Indiana, 181  
millions and Missouri, 189 millions.Jackson said that despite rumors  
that farmers throughout the corn  
belt were "hardup" there were no in-  
dications of "poverty" on their trip.  
The two men intimated that market  
conditions will be greatly changed  
this year by lack of wheat.The oats crop was reported by Veh-  
slage and Jackson to be "excellent in  
quantity and quality."

## INDIANAPOLIS LIVESTOCK

INDIANAPOLIS, Aug. 23 (UP)—  
Hog prices were 15 to 25c higher at  
the Indianapolis Livestock Exchange  
today. Bulk (140 to 280 lbs.) hogs  
cleared the pens at \$12.65 to \$13.  
Receipts were estimated at 5,500.The cattle market was mostly 25  
to 50 cents lower on receipt of 1,000  
head. Steers brought \$13.50 to \$14.  
Calves were higher. Receipts number-  
ed 600. Vealers were quoted at \$17  
to \$18 and heavy calves at \$7 to \$11.  
The sheep market was steady.Traction Cars  
Crash; 23 InjuredFOUR REPORTED IN SERIOUS  
CONDITION AFTER HEAD-ON  
COLLISION.FAIRLAND, Ind., Aug. 23. (UP)—  
Four of the twenty-three persons  
injured in a collision of Indianapolis &  
Southeastern Traction cars here  
Wednesday were in a serious condi-  
tion today.Among the seriously injured are  
Irvin Neal, Indianapolis, conductor of  
the eastbound car in the crash; Thos.  
Slater, Chicago, and Earl Talbot, of  
Shelbyville.Miss Anna Kaufman, Shelbyville, a  
singer who is to receive a final audi-  
tion this fall for a place with the  
Metropolitan Opera Company, New  
York, suffered slight scratches and  
shock.Slippery oil which spread over the  
track rails while being sprayed along  
the right-of-way was blamed for the  
crash.One car was Indianapolis bound,  
the other bound for Shelbyville. They  
crashed head-on three fourths of a  
mile from here and though badly  
damaged, neither left the track.

## THE CAMPAIGN LOG.

(By United Press)

Governor Smith planned to leave  
today for New York and Seagirt, N.  
J. to attend New Jersey governor's  
day. He was receiving a flood of  
messages congratulating him on his  
acceptance speech.Herbert Hoover will meet farm  
leaders today at Cedar Rapids, Ia.,  
after which he will leave for Wash-  
ington, making a direct trip with only  
a brief stopover in Chicago.Senator Charles Curtis opens his  
speaking campaign today at Rocky  
Point, R. I.Senator Joseph T. Robinson will  
leave Albany today for Little Rock,  
Ark., where he will be notified offici-  
ally August 30 of his nomination as  
the Democratic vice-presidential candi-  
date.

## TO VISIT IRELAND

LONDON, Aug. 23. (UP)—Gene  
Tunney, the retired heavyweight  
champion, left here shortly after 9:30  
a. m. today on a visit to the land of  
his forefathers, Ireland.Tunney will attend the athletic  
games in Dublin and plans to remain  
in Ireland for two or three days, af-  
ter which he will return to London for  
about two or three weeks.It should be a triumphal process-  
ion for him, just as was his arrival  
in London from Plymouth yesterday.

## TREE ATOP BUILDING

FT. WAYNE, Ind., Aug. 23. (UP)—  
Nature pulled a fast one when it  
gave an apple seed the strength to  
take root and develop itself into a  
tree atop a building here. Oscar Lep-  
per and G. Bowen, pipe fitters at the  
Ft. Wayne shops of the Pennsylvania  
railroad discovered the tree which is  
reputed to be three feet tall, grow-  
ing out of the corner of an ave-  
nue trough on top of a blacksmith shop.  
They believe that sometime about  
three years ago an apple core was  
tossed onto the roof. The seeds they  
explained probably became imbedded  
in the collection of dirt and cinders  
in the trough and took root and grew.STORM FAILS  
TO POSTPONE  
CONFERENCESG. O. P. LEADERS MEET WITH  
HERBERT HOOVER DESPITE  
STEADY RAINFALL.CEDAR RAPIDS, Ia., Aug. 23.  
(UP)—A drizzling rain greeted Her-  
bert Hoover's Iowa farm conference  
today but it did not dampen the ar-  
dor of the several hundred farm lead-  
ers gathered here with him to discuss  
a farm relief program.The tall corn grew taller still as  
the farmer representatives of 15 states  
met in hotels to frame their mes-  
sage to be delivered to the Republi-  
can presidential candidate. They  
demanded no specific program for  
farm relief, such as Hoover set out  
in his West Branch speech, nor were  
they interested in safeguarding gen-  
eralities for farm relief. But they  
proposed to establish with the nom-  
inee the theory that farm relief  
should be the first issue for disposal  
by the Hoover cabinet, should he be  
elected, and indicated their conference  
that Hoover will find them."We know he will find the way,"  
Senator Brookhart, independent Rep-  
ublican said. "His record has es-  
tablished our confidence, rather than  
his speeches. I feel sure he will meet  
our situation with adequate action."The nominee did not commit him-  
self beyond his three-day program in  
his conference with the farmers. He  
promised a Federal farm board with  
full powers to lend governmental ad-  
vice and money to the farmers. He  
amplified his suggestion for a costly  
development of inland waterways to  
promote cheaper prices of farm  
freight rates. He mentioned the ne-  
cessity for revision of the tariff to  
protect the farmer's markets.There were grumblings in the farm  
conference about the vetoed McNary-  
Haugen bill. The Iowa group of 150  
for instance, was unable to agree yes-  
terday on a delegation of ten to wait  
upon the nominee.They disputed among themselves  
the question of whether they should  
declare themselves definitely for a  
set of delegates representing the  
equalization fee program for farm  
relief. Finally, they all went to see  
Hoover at the home of Mrs. George  
Douglas, widow of the starch manu-  
facturer, who invited Hoover to be  
guest of her estate while here.The final day of the three day se-  
ries of farm conferences here and at  
West Branch got under way early  
when the representatives of Illinois,  
Ohio, Kentucky and Tennessee met  
to choose their delegates to meet  
Hoover.SLIGHT HOPE

## NO TRACE OF AIRPLANE

Government Officials At Washington  
Believe Illinois to Stockholm Fliers  
To Be Definitely Lost.WASHINGTON, Aug. 23 (UP)—  
Slight hope was held out today for  
the rescue of Bert R. J. Hassell and  
Parker D. Cramer, who have not  
been heard from since Sunday morn-  
ing when their airplane, Greater  
Rockford, was believed over Cape  
Chidley enroute from Ontario to  
Greenland.The Coast Guard Cutter Marion,  
reported there was no chance for the  
airmen "If on the waters in this  
vicinity." The Marion was then 39  
miles east of Resolution Island, in  
waters where it was considered most  
likely the plane was forced down.CHICAGO, Aug. 23 (UP)—To-  
day United States Government stopped  
all transmission last night on two  
navy radio wave bands and two ex-  
perimental by broadcasters when am-  
ateur wireless operators reported hear-  
ing signals which they believed came  
from Bert Hassell and Parker Cramer,  
missing Rockford-Stockholm fliers.Two amateurs, Dr. Charles E.  
Seelth, physician, and Irving Straus  
notified authorities they had heard  
the signals on the Physician's set.  
They had heard them every night  
since Monday, they said, on a wave  
near that assigned to the lost air-  
men."The letters R. D. and A. came in  
a high clear note, barely audible,"  
the two operators said. "There was  
no message."Cramer, it was pointed out, knew  
but little of radio code and had ar-  
ranged a system of letters to give  
notice of the plane's progress. While  
no explanation of the meaning of  
the signals could be given, it was  
said their origin could not be ac-  
counted for unless they came from  
the missing plane.They believed the different wave  
length was due to use of a stationary  
aerial instead of trailing antennas.FARMERS ADVISED TO BE  
CAREFUL IN SELECTIONIn view of the fact that wheat  
was generally of poor quality in In-  
diana this year, the soils and crops  
department of the Purdue University  
agricultural experiment station has  
issued a warning to farmers to be  
particularly careful in selecting  
seed wheat for fall planting. Winter  
injury and other weather conditions  
and disease particularly "wheat scab,"  
have caused shriveled grain and in  
some cases given it a moldy appear-  
ance, and "seed wheat should be  
given a vigorous cleaning with a good  
winnowing mill."In order to assist farmers in their  
selection, R. H. Stevenson, county  
agent, is listing sources of good seed  
wheat, and all farmers with good,  
lean seed wheat should advertise the  
amount and variety. A number of  
mills and elevators are also aiding  
in the location and distribution of  
seed wheat and seedmen are giving  
assistance.Some seed wheat will be imported  
from other states, but farmers are  
advised to use care in buying wheat  
from a distance in order to avoid va-  
rieties unadapted to Indiana condi-  
tions or seed that contains onion or  
oat seeds. One year old wheat which  
has been well stored and free from  
insect injury may be used for seed,  
but if there is any doubt about its  
quality it should be tested for germination.Sources of both certified and un-  
certified seed wheat grown in Indiana  
are now being prepared and will be  
available for those who make inquiry  
through the Agronomy Department  
at Purdue University, Lafayette, Ind.  
Varieties so far listed include Fultz,  
Michigan Amber, Red Cross, Red  
Huff, Trumbull, Ruby, Michiko, and  
other varieties.

## ROTARY MEETING.

Wilbur Grose, formerly of Green-  
castle but now connected with the  
Wesley Foundation, the Methodist  
Church organization at Illinois Uni-  
versity, was a guest of A. A. Hauck  
at the weekly luncheon of the Rotary  
club Thursday and spoke briefly of  
his work, and what several other De-  
Paul men are doing at Illinois Uni-  
versity.

"It's no joke," said Mr. Witty when I went into his store at 316 North Jackson, 'about Middy Bread possessing a very unusual taste. It is different and it is good. My customers like it."

Of course bread is about the best food one can eat, and when it possesses such good taste everybody likes it.

I found Mr. Witty extremely good natured but serious in his belief that Middy Bread was answering the needs of all his customers. It is gratifying because that is the kind of bread the Vigo Bread Company seeks always to bake."

Signed,

*Cal Dunlap*

MR. VERNON BABBS.

"At the close of school I found myself in a very badly run down condition," says Mr. Vernon Babbs, of Bloomington, Ind. "Gas pains, indigestion, stomach trouble, nervousness and loss of weight were a few of the physical handicaps under which I was laboring. Every one was talking about the miracles that were being done by Ver-Wil-Ko, so I decided to give it a trial and it proved to be of great benefit to me. After a short course of treatment my condition began to improve rapidly and now I am in the pink of health again. It is certainly a pleasure for me to endorse this great tonic."

Ver-Wil-Ko is a prescription which has been used for the relief of rheumatism, neuritis, liver, kidney and stomach trouble, impure blood and nervousness, by Dr. J. C. Vermilya with wonderful success for the past twenty years. Ver-Wil-Ko is on sale at R. P. Mullins Drug Store, Greencastle, Indiana.

Women are Learning the Right Way

IF you are unfortunate in having skin blemishes, pimples, boils, eczema, you owe it to yourself and friends to remove the cause. Nature will then provide the complexion which is so much desired.

Thousands have been enabled to free themselves of unsightly blemishes and painful skin annoyances by taking a course of S.S.S.

You owe it to yourself to try S.S.S. It helps Nature build up red corpuscles. It improves the processes by which the blood is nourished.

Red blood cells are Nature's way for building and sustaining the body.

Without plenty of rich, red blood, there can be no strong, sturdy, powerful men, or beautiful, healthy women.

You know a clear skin comes from within. Correct the cause—through the blood—and pimples, boils, eczema and that sallow complexion will disappear.

S.S.S. is Nature's own tonic for restoring the appetite—building strength—and clearing the body of so-called skin troubles.

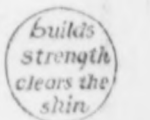

All drug stores sell S.S.S. in two sizes. Get the larger size. It is more economical.

**Convinced That  
It Is Wonderful  
For The Stomach**

She Declares Konjola Ended Her  
Stomach Trouble And  
Constipation.

MISS GARNET SABO.

"Konjola is wonderful," said Miss Garnet Sabo, 500 Superior St., Wabash, Ind. "It has completely ended all the health troubles I suffered for many months and has also improved my system in general."

"I took different kinds of medicine, but nothing ever helped me. I lived on a diet, but poisons continued to gather in my system, and I never could get rid of them because I had constipation. My kidneys bothered me a great deal and I would have to rise five or six times during the night. I had dark circles under my eyes and a very sallow complexion."

"Finally I decided to try Konjola. The first bottle convinced me that this medicine I had always needed. It regulated my bowels and drove all the poisons from my system. I eat whatever I want without any bad results afterward. My kidneys are normal and I sleep through the entire night without rising once. My complexion

has cleared up and those dark circles under my eyes are gone.

"It is wonderful the way Konjola energized my whole system and I am only too glad to indorse such a medicine."

Konjola is sold in Greencastle at the Owl Drug store, and by all the best druggists in all towns throughout this entire section. —(Adv.)

**AT THE VONCASTLE**

(Voncastle, Thursday and Friday)  
Zane Grey, perhaps the best known writer of western and pioneer books alive today, had written a new one entitled, "Under the Tonto Rim," and Paramount has filmed it. This new production comes to the Voncastle Theater Thursday and Friday.

Readers and motion picture fans alike will greet this announcement with no little interest as past performances on the part of Paramount in filming these graphic stories from the pen of Grey are well known. "The Thundering Herd" and "The Mysterious Rider" are some of his successes which Paramount has put on the screen.

"Under the Tonto Rim," is unique in one respect, because Paramount has introduced two of its most promising players to the western type of picture. They are Mary Brian and Richard Arlen. Neither had taken part in any picture of the West until chosen to play the leading parts in this production.

**AT THE GRANADA**

(Granada, Wednesday and Thursday)  
Youth, romance and whimsical comedy, fine direction and Lois Moran and Neil Hamilton in the featured roles all make Fox Films "Don't Marry," at the Granada Theater Wednesday and Thursday, a bright, sparkling comedy-drama, suitable for the most discriminating fan.

Here is a picture that is good entertainment for the entire family, with Lois Moran in a dual role and Neil Hamilton as the man in the case.

The theme of the story concerns Priscilla Bowen (Lois Moran), an intriguing young flapper who falls in love with Henry Willoughby, an old-fashioned man. Undaunted Priscilla decides to win him and poses as a shy and prudish old-fashioned girl, telling him it is her cousin who is the flapper.
